Woman Publisher Is Feted as Citizen of Year

A standing ovation by fellow journalists and friends was given to Mrs. Margaret Semmler Monday night at a dinner in Saenger hall, at which she was honored as "Citizen of the Year."

Until recently, owner and publisher of the Semmler newspapers, started by her husband 40 years ago, the event was sponsored by the Tinley Park Chamber of Commerce.

The Semmler Press publishes four newspapers, the News-Bulletin, Tinley Park Times, New Lenox Press, and Orland Park Herald.

Chairman of the affair was Walter Fierke. Harry Treverthen was master of ceremonies. The Rev. Dallas Mucci, pastor of the Nazarene church of Tinley Park, gave the invocation.

The surprise of the evening for the veteran newspaper woman, was the appearance of her sister, Mrs. Emilie Campbell, of Seattle, Wash., who was secretly invited by the committee to attend. Harland Merrell, of Coral Gables, Fla. had planned to attend, but due to business reasons was unable to be here.

Also present were Mrs. Semmler's other sister, Mrs. Clida Deadmore of Mokena and her brother, Theodore Oestreich of Joliet, her two daughters and their husbands, Mr. and Mrs. Marvin Smith, Mr. and Mrs. Raymond Westlund, and her grandson Dale Westlund, all of Mokena.

Other family members present were Mr. and Mrs. Robert Oestreich, a nephew, and their daughter Susan and son Robert and daughter Mr. and Mrs. Ronald Watkins, all of Joliet.

Members of the press who were present represented all of the area newspapers, including the Joliet Herald. The employees of the Semmler newspapers, including many of the correspondents, filled one long table. A guest of honor was the new owner of the Semmler Press, Kenneth Johnson, who is also owner and publisher of the Lemont and the Lockport Herald.

Other distinguished visitors were mayors of Tinley Park, Orland Park and Mokena, and their wives; Mr. and Mrs. Elmer Knudsen, Mr. and Mrs. W. R. Schussler Jr., and Mr. and Mrs. James Marti.

Special guests who paid tribute to the honored guest were Stuart Paldock of Arlington Heights, vice president of the Illinois Press Association and Past President of the Cook County Suburban Press Association, and Mrs. Gerald Serbus of Riverdale, president of the Illinois Woman's Press Association. Mrs. Semmler is a member of these organizations.

A touching moment came when Mrs. Semmler in a voice which at times trembled with emotion, thanked all for the wonderful tribute. Modestly she stated: "I do not think I deserve it."

The pleasant evening ended as old and new friends came to shake the hand of a woman who has unselfishly and devotedly served the communities covered by The Semmler Press for 40 years.

Although the business is under new ownership, Mrs. Semmler is still active as manager.

Park and Shop Grand Opening Starts Today

The grand opening of the Park and Shop supermarket on Wolf Road, Mokena, which begins today and continues through Sunday, will see the award of many prizes, free ice cream cones and gifts with every purchase. Clowns will be on hand to add to the fun and gaiety.

The Mokena store was purchased from the old owner. (Continued on page 2)

Snow, Sleet and Drifts Add to Winter's Woes; Roads Are Treacherous

The southwestern suburban area, in common with the remainder of the midwest, is digging out after the heavy snowfall that swept the region Tuesday and Wednesday, blocking highways and causing schools to close in numerous communities.

Commuters awoke Wednesday morning to find that the near blizzard that struck the area Tuesday afternoon had left deep drifts in its wake thru which they floundered to railroad stations only to find that trains were running late and that they had long waits ahead. Mail carriers serving rural areas were also late on their rounds. That they made them at all is tribute to their determination.

Lincoln-Way and Carl Sandburg high schools were closed Wednesday because their busses were unable to negotiate some of the roads and the same was true of the New Lenox and Orland Park public schools. Parochial schools, all of whom use busses to pick up pupils, were closed at Tinley Park, Mokena, Orland Park and New Lenox.

Mokena and Frankfort public schools were open, as was Tinley's Bremen high school called out additional buses and had classes as usual. Supt. T. R. Birkhead reported that attendance at Bremen was about 75 per cent of normal.

Many of the country schools were closed and radio stations in the area carried long lists of schools that could not be open because of the roads.

State police and the Chicago Motor Club were broadcasting warnings that travel was extremely hazardous and urging persons not to use automobiles if other means of transportation were available.

At Tinley Park street crews worked all night Tuesday keeping streets plowed out but not all communities were as fortunate. State highway personnel worked around the clock and succeeded in keeping the main roads open but travel was dangerous.

Winter relaxed its grip a bit for a couple of days last week with a warming trend (Continued to page 2)

Granary Burns; Race Horses Die In Two Spectacular Area Fires

Two fires in the Tinley Park area last week destroyed a granary and took the lives of ten race horses when the stable in which they were housed caught fire.

The cause of the fire which completely destroyed the granary at 159th st., east of Ridge land ave., on Wednesday, was undetermined.

The granary was too far gone to be saved by the Tinley Park Volunteer fire department, but fire men successfully concentrated on preventing the fire from spreading to adjoining buildings, one another granary only four feet away from the burning building. The other buildings saved were a hay barn and a large tool shed.

The Tinley Park fire department was aided by the neighboring volunteer departments of Oak Forest, Markham and Mokena.

The spectacular fire at the Turf Meadow farm, 159th and 78th ave., on Saturday, started when a tractor caught fire as workmen attempted to start it and the gasoline exploded, according to fire chief James English.

Mokena Fire Dept. Delayed In Emergency

The need for a building to house the Mokena Volunteer fire department water truck was emphasized last week when the department aided the Tinley Park Volunteer fire department in two large fires, one at a granary which was completely destroyed and the other at a horse stable, where ten horses died.

The Mokena department was delayed in responding to the call for assistance because it was necessary to fill the tanker before leaving which takes a total of 12 minutes.

During cold weather, the 800 gallon tank must be emptied because the tanker stands

The Tinley fire department was aided by the previously mentioned neighboring departments also the Orland Park fire department.

Members of the Tinley Park police department also aided in rescuing some of the horses from the burning stable. Nine were burned to death and another had to be destroyed. Bennie Daley, a trainer, was burned as he led a number of the animals from the burning building. The stable housed 28 horses. Daley was treated in Oak Forest hospital and released.

Two of the most valuable horses were burned in the blaze. They were First Lap, a five year old which according to the owner, had won \$170,000 as a two year old. The other was Blood Test, a stallion. Three of the others were brood mares, of which one at least was in foal.

The owner of the farm, used as a breeding farm and winter time boarding quarters for race horses, set their collective worth at \$300,000. The building destroyed and its contents, excluding the horses, was valued at \$35,000.

Three Trustees To be Elected On Orland Board

Terms of three trustees on the Orland Park village board will expire at the end of the fiscal year. These positions will be filled at the election to be held April 21, for a term of four years.

Forms of nomination petitions can be obtained from the village clerk, Kenneth Halvorsen, together with statements of candidacy.

The first day of filing nomination petitions is Jan. 26 and the final date is March 2.

Outside and the water would freeze.

In 12 minutes time a house can burn down, so can a school. This situation poses a problem and is food for serious thought, it was pointed out.

Frankfort Acts to Guard Health of Subdivision

The village of Frankfort, now engaged in drafting plans for a sewer system, took steps Monday night of this week to provide for future expansion without expense to the municipality. The action is also seen as a health protection measure.

The village council adopted ordinances which will require subdividers to install sewers and sewage disposal units for developments with a mile and a half radius of the village.

The laterals and interceptors are to conform to village specifications and the installations carry the approval of the village engineer and board. In the event of later annexation the subdivider is required to hook up with the village system. Most of the soil in the area is too tight for successful operation of septic tanks, it is said.

Without such provisions, it was pointed out, the village could be put to great expense if it had to extend sewers into new areas.

It is facing such a situation now in that an area south of U.S. 30 now building up with homes became a part of the village thru annexation. This means that a more extensive sewer system is needed now than a couple of years ago when such an improvement was voted down. Since then material costs have also risen, it was pointed out.

A sewer system will cost more this year than two years ago, it was said, are higher but because the village has grown. Further delays, experts believe, will see costs mount still higher.

In some communities in the region subdividers are reported to have installed sewer lines that do not conform to specifications of nearby villages so that when the developments are annexed there will be a good chance of trouble. Such a situation could be expensive to the municipality and to the house holders.

In adopting the sewer ordinances Monday night Frankfort will avoid such a situation, officials explained.

The weather has continued to hinder engineers in collecting data for topographical maps of Frankfort and the sewer plans.

SPECTACULAR BLAZE—This tree silhouetted against the flames of a burning granary accents the brightness of the blaze. The building was located northeast of Tinley Park, Oak Forest, Midlothian and Mokena. The building was located northeast of Tinley at 159th st., east of Ridgeland. (Marvin Smith photo)

For Good Cause

Mokena Players Aid Fire Dept.

The Mokena Village Players, which sparked a little theater movement in the village bearing its name from 1951 thru 1956, was formally dissolved Monday night at a meeting of members and as a result the Mokena volunteer fire department's building fund is \$320 richer.

There was that much money in the treasury and under the

by laws of the organization, any funds remaining when the organization was dissolved were to go to some community project.

The members agreed that the program launched by fire department to raise \$18,000 to build an engine house was an excellent community project and deserving of support.

Firemen opened a fund-raising campaign recently but the weather has been against it. Canvassers point out that walking into homes with wet or snowy shoes would not be appreciated by housewives, so they are waiting for better weather to push the program.

L-W Singers on Institute Program

Teachers from all the village and rural schools in Will county will attend institute next Monday, Jan. 26, so while it will be another work day for the teachers it will be a holiday for the pupils. The session will be held at the Manhattan village school.

County Supt. Verne E. Craekel, who has charge of arrangements said that this one-day program has been set up to take place of the quarterly meetings that formerly were sponsored by his office for the rural and village teachers.

The program will begin with registration at 9 o'clock, followed by music from 9:15 to 9:40. The Lincoln-Way high school vocal department, including a boys quartet, will provide the music under the direction of Tom Olson.

Murray L. Miller, director of audio-visual education, Illinois State Normal, will give an illustrated talk on Russian education, based on a recent visit to Soviet schools. Also on the morning program will be technique and ideas in the teaching of language by Dr. Jesse Garrison, associate professor of education at Northern Illinois U.

The afternoon session will open with an entertaining feature. The story and hit tunes of "My Fair Lady" will be presented by "Jane and Friend", of Lincoln, Ill.

The institute will conclude with a discussion of the emotional mental needs of primary pupils by Miss Ethel Wooley, instructor in education and psychology at Illinois State Normal University.

Teachers may invite school board members, members of the PTA or other school patrons to hear a part or all of the program.

MOKENA PLAYERS—

(Continued from page 1.) are reported to be approaching the \$3,000 mark, thanks to the gift from the Mokena Players.

The Players have disbanded because an area organization known as the Lincoln-Way Players is now active. Most of the Mokena Players are now members of the Lincoln-Way group.

In the five years that the Mokena Players were active, they contributed more than \$1,200 to community causes, including the park, the school, girl scouts, boy scouts, and other organizations.

PARK AND SHOP—

When the two sons, both of whom served in WW II, returned to civilian life in 1946 the father retired and the boys bought the business. By 1954 they had expanded to the point where more room was required and they built Lemont's first self-service supermarket.

The Ordman brothers purchased The Shopping Bag at Mokena on Jan. 1, 1955 and it is known by the same name as the Lemont unit, Park and Shop.

March of Dimes Campaign is On Thruout Area

The 1959 March of Dimes campaign will continue thru the month of January. In Tinley Park contributions should be mailed to Joseph McCarthy, 17019 New England ave., in Orland Park to Francis F. Coan, 143rd and LaGrange road, in New Lenox to Mrs. George Novak, and in Mokena to Mrs. Grace Alexander chairman of the campaign in their respective communities.

This year's campaign will help more people than ever before and hold out hope for literally millions. The March of Dimes set out in 1938 to find a preventive for paralytic polio. That preventive is now a fact and millions of Americans have been vaccinated. Now efforts are being turned to new and wider fields of birth defects, arthritis and virus diseases as well as continuing the fight against polio.

One in every 16 babies born in the United States each year has a birth defect, of which there are more than 600 different kinds. Examples of these defects are club feet, open spine, harelip, open skull and water on the brain. It is estimated there are 11 million people, including many children, who suffer from crippling arthritis.

More than 150,000 polio patients still need financial help for further rehabilitation. Your dimes and dollars will help in research of other diseases and in the rehabilitation of polio victims.

SNOW & SLEET—

that cleared away most of the snow that had blanketed the region. But Saturday night zero temperatures returned and Sunday night there was an average snowfall of three inches. This snow remained and Tuesday more began to fall.

Until late in the day the snowfall was light but

kona to be most friendly," said Abe Ordman, "and are pleased to be in business here. We have been active in civic and community affairs in Lemont and hope to do the same in Mokena."

He said that they had built their business on high quality meats, and know-how in grocery merchandising.

Both brothers graduated from Lemont high school. Abe enlisted in the U.S. Marines in 1943 and served thru the Bougainville, Guam and Iwo Jima campaigns. He was discharged in 1946. He is married and he and his wife, Adeline have three daughters, Pamela, Sheila and Marla. He is a charter member of the VFW post at Lemont and is a member of the board of directors of the Chamber of Commerce there.

Ralph Ordman attended the University of Illinois, was a second lieutenant in WW II; is a past president of the Lemont Chamber of Commerce and of the American Legion post there. He and his wife, Helen, have a son, Jay, and three daughters, Ava, Lana and Paula.

by 4 o'clock it was descending in a thick mass. Then the wind hauled around to the north and began driving the snow into long horizontal lines which practically destroyed visibility. Stronger winds and lower temperatures would have made it a genuine blizzard.

Defrosters were unable to cope with the situation and motorists slowed and crept along the highways and streets. It was difficult to see the road and at times the falling snow, blended with clouds of snow whipped off the ground by wind gusts of 25 and 30 miles an hour, obscured headlights of approaching cars so they were scarcely visible. Driving had to be largely by guess.

The snow continued most of the night, intermixed with rain and sleet and there were flurries most of yesterday.

Protracted periods of sub and near zero cold, coupled with frequent snows has made this one of the most severe winters in this region for many years.

Dr. Preston Bradley to Speak in Tinley Park Central School

Dr. Preston Bradley, well known pastor of the Peoples church in Chicago, will appear in Tinley Park Friday, Jan. 23 at Central school. His talk on "Making the Best of It" will start promptly at 8:30 p.m.

The Tinley Park library board is sponsoring his appearance and tickets may be obtained from any member of the board, Friends of the Library or by contacting Mrs. Voris Miller, at Kellogg 2-4514.

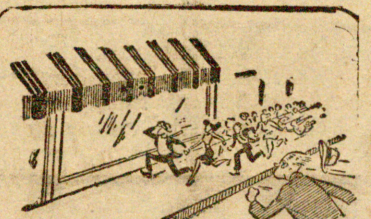

The proceeds from the event will be added to the library building fund, which has made possible a new library building, soon to be open to the public.

Tinley Fire Dept. Holds 59th Annual Dance on Jan. 31

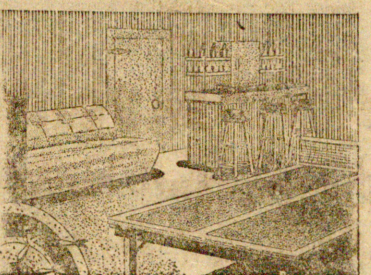

The Tinley Park Volunteer fire department will hold its 59th annual dance in Tinley Ballroom, 177th and Oak Park ave., Tinley Park, on Saturday, Jan. 31. Tickets may be obtained from any member of the department.

Dancing will start at 9:30 p.m. until 2:30 a.m. All of the proceeds from these annual dances is used by the department for equipment and maintenance.

By Delores Anderson
New Lenox 3651

The March of Dimes campaign for the area is now underway for the entire month of January.

Mrs. George Novak, local chairman, announces that donation cards are being mailed and urges everyone to return the cards as soon as possible. Coin containers have been placed in stores and other public places.

In addition to aiding disabled polio patients, the Foundation will also aid in the research of virus diseases and seek the means of preventing arthritis and birth defects which is crippling millions of adults and children.

The gate for the Mothers March in New Lenox and Lincolnwood has not been set. Mrs. Novak is seeking a chairman for the Mothers March. Anyone interested in helping is asked to call Mrs. Novak or the March of Dimes headquarters, tel. Joliet 2-0751.

All business concerns, clubs and other organizations are asked to donate to the initial gift or special donations for the March of Dimes. Checks should be made payable to The March of Dimes and mailed to Mrs. Novak, 129 Oakview drive, New Lenox, Ill.

Army Pvt. Herschel C. Oldham, Jr., 23, whose wife lives at 242 Stodder ave., Virden Ill., recently was graduated from the eight-week automotive helper course at Fort Leonard Wood, Mo.

Oldham was trained in the operation and repair of ignition, fuel, brake, transmission and suspension systems.

He entered the Army last August and completed basic combat training at Fort Leonard Wood.

Oldham attended Girard High school and was employed at the Frank Worth Farm, Virden, in civilian life. His parents live on Francis rd., New Lenox.

Mrs. Mildred Minuth, of the Minuth school of Dance, will attend a meeting of the Chicago Dance Masters, Sunday, Feb. 1 at the Bal Tabarin in the Hotel Sherman in Chicago.

The Women's League of the Trinity Lutheran church will meet Tuesday Jan. 27 at one o'clock in the church dining room for their first meeting of the new year. The new program for the year will be presented, and hostesses for the afternoon will be Mrs. Walter Ruthenbeck, and Mrs. Florence Haas. Devotional prayer will be given by Mrs. O. C. Davis.

Don't forget the spaghetti supper tonight, Jan. 22 starting at 5 p. m. in the Trinity Lu. church dining room. Tickets can be purchased from Mrs. Amos Bruns or Mrs. Earl Peterson, or can be had at the door.

Mrs. Howard Lane entertained the Ten Pin club Wednesday evening, Jan. 14. Buncos was played and prizes awarded to Mrs. Clarence Anderson, Mrs. Peter Rob, Mrs. Carl Becker and Mrs. William Walker. Luncheon was served.

The next meeting will be Feb. 11 with Mrs. Anderson as hostess.

The New Lenox Unit of Will County Home Bureau will meet Jan 23 with Mrs. August Pape, 625 Pine st. at one o'clock. Mrs. Ernest Oram Jr., will be co-hostess.

Mrs. Ronald Vondrasek entertained the First Child Study club Tuesday night, Jan. 20, with Mrs. William as assistant. Willard G. Rasmussen from the Lutheran Orphanage in Joliet was the speaker and talked on The Placement of Children in Homes.

Mrs. Kenneth Messenger showed colored slides and gave an interesting talk on Alaska, at the meeting of the Women's Society of Christian Service when they met in the Methodist church Fellowship hall. Hostesses were Mesdames James Stegner, Fred Reiert, Albert Schmuhl, Lester Koerner and George Petersan.

Twenty-eight students from the Minuth School of Dance will perform at the Forty and Eight Veteran home in Orland Park Wednesday evening, Jan. 28 on an hour long show. The performance is being given at the invitation of the Ladies Auxiliary of the Frankfort V.F.W. Charles Joyce and Pamela Brent will take the dramatic parts and Mrs. Minuth will dance a comedy number. The cast will be served lunch after the show.

Norma K. Heidrich, a student at Lincoln-Way high school, will soon be wearing a specially designed pin honoring her as a newly appointed representative to McCall's Patterns' Teen Fashion board for the 1958-59 school year.

This selection has been announced by McCall's Patterns' Educational Director, Kit Mason. Over 2,000 senior high school students who have demonstrated sewing skill, fashion knowledge and school leadership have qualified for this nomination to the board by their home economics teachers. Eligibility to the nationwide board is limited to one outstanding student from each school.

In addition to her pin, each Teen Fashion board member will receive a membership certificate, a card, a subscription to McCall's "Today's Teens" catalog and her favorite McCall's pattern. Her responsibility as a Teen Fashion Board member will be to report on the latest fashion trends among her set, thus acting as an advisor to McCall's Patterns Design department. To help her in this capacity, McCall's will send her special advance fashion material from New York throughout the year.

Firemen from neighboring communities rallied to the aid of the Tinley department. The story is on Page 1.

Cuts Hand Badly While Closing Window of Home

Robert Dodge, 14503 Woodland ave., Orland Park, cut his hand severely Monday night as he was closing a basement window and his hand went thru the pane of glass.

He was taken to Hedges Clinic in Frankfort by the fire department where 20 stitches were required to close the wound.

New Officers Are Elected at Palos Foundation

New officers of the board of trustees of the Community Center Foundation, Palos Park, elected at the December meeting are William D. Ciska of 12502 80th ave., Palos Park, president, Mrs. Martin H. Krussink of 7358 West Lake st., River Forest, secretary, and Mrs. H. D. Bowyer of 7500 135th st., Orland Park, treasurer.

Ciska is owner of the 111th street Golf Center, Oak Lawn. He is married and has two children, Connie Dee, age eleven, and William, six weeks old. The family formerly lived at 9959 Prospect Avenue, Beverly.

The new officers succeed Neil J. Anderson of 12202 89th Avenue, Palos Park (president), Mrs. Dwight K. Taylor of 313 S. Lincoln, Hinsdale (secretary) and William J. Wollenberg, 500 West 107th Street, Chicago (treasurer) who have served for two terms. They will continue as members of the board.

Parents Attend Conferences at Orland School

Last Tuesday the children of the Orland Park school had a free day but not their teachers. From 2:00 p.m. until 8:30 the school was buzzing with the hum of parent-teacher conferences. Instead of the usual written report card for the second quarter grading period, parents were asked to come to the school for a mid-year conference. The response of parents far exceeded anticipations, almost 100% of the parents attended the conference.

Each conference was scheduled for ten minutes and included a progress report by the teacher of results and interpretation of the Iowa Test of Basic Skills, a battery of achievement tests given last December in grades 3 to 8. From comments and suggestions by parents and teachers it was felt that this conference brought about a better understanding between all working for the improvement of the student.

Norbert Jerling, superintendent of the school stated that the interest shown by parents was a rewarding experience for each teacher and parent.

"The willingness of parents to take the time to meet with each of their child's teachers speaks well for the school and the community," the superintendent said.

St. Jude's Hails 25th Year With Jubilee Banquet

The 25th anniversary year of St. Jude's, New Lenox, will get under way with a gala Silver Jubilee banquet at the Woodruff Hotel on Sunday, Feb. 8. All friends and members of the parish have been invited to join in the celebration which includes dinner and dancing, starting at 6:30 p.m.

Highlight of the program planned will be an address by the Rev. Gervase Brinkman, O.F.M., Chaplain of Stateville Prison.

Frank Romeo, 816 N. Cedar road, New Lenox, is chairman in charge of reservations. Others on the banquet committee include: Kenneth Messenger, Mrs. Ted Bogdan and Mrs. James McCure.

Since 1934 when the first Mass was said on Christmas Day, St. Jude's has grown from a parish of 35 families to the present 400 families. Over 200 children attend the school staffed by the Sisters of the Immaculate Heart of Mary from Tucson, Ariz.

The Parents club of St. Jude's school is sponsoring the banquet. Gene Schubert, president, has announced the proceeds will benefit the school.

Nazarene Services at New Lenox, Set for Sunday Night

The regularly scheduled service of the New Lenox Nazarene church will be held at 7:00 p.m. on Sunday evening, January 25, at the Lions Den on Cedar road.

The service is normally held at 2:30 p.m. -- but due to previous contract agreement by the Lions Club -- the building will be in use during the afternoon.

The Rev. Mark Moore district superintendent of the Chicago Central District of the Church of the Nazarene called the opening of the New Lenox church, one of the best since he became superintendent seven years ago.

The Rev. D. D. Mucci, pastor of the Tinley Park Nazarene church, will continue as pastor for the next few weeks.

Distributes City Sales Tax

City sales tax collections for business done in October netted \$4,104,316 after the state had collected approximately \$262,000 for acting as collector. The total represented collections in 1,026 municipalities. By Jan. 7 the list of cities and villages getting a half-cent sales tax had increased to 1,035.

In this area Tinley Park received \$2,212; New Lenox,

\$1,509; Mokena, \$819; Frankfort, \$637 and Orland Park, \$535.

Shares received by other communities in the area include:

Midlothian, \$2,325; Markham \$955; Blue Island, \$12,445; Evergreen Park, \$16,465; Harvey, \$17,241; Chicago Heights, \$19,521; Park Forest, \$8,310; Joliet, \$46,052; Oak Forest, \$630; Lemont \$2,262; Hazel Crest, \$3,744 Lockport \$2,876.

Chicago picked off more than a third of the gross tax collected with its share of \$1,785,036.

Mokena Band Boosters Elect New Officers

The Mokena Band Boosters met Jan. 15 with 10 members present. New officers elected are: Mrs. Cecil Hale, president; Mrs. Durward Pant, vice president; Mrs. Ralph Howell, Ways and Means; Mrs. George Krueger secretary; Mrs. Joseph Alexander, social chairman and Mrs. Ray Westlund, publicity.

After a discussion, it was voted to change the dues from 50c a meeting to \$1 for the year.

All parents of both A and B bands are urgently requested to attend the meetings as the decision as to the purchasing band uniforms at this time, should be everyone's concern. The new uniforms are on or-

der from the E. V. Price Co., and will be ready for the band members to wear to the district contest in March.

The boys and girls of the band are anxiously waiting and preparing for the preliminary tryouts which will be held Friday evening Jan. 30 in the Carpenter st., school. The band members are also busy preparing solos for the district contest to be held Saturday March 24 in the Teacher school in Westmont.

At the elimination tryouts, the members who adequately prepare and play their solos, are given the opportunity of entering the district contest in hopes of receiving first place in their section, so they may go to the state contest which will be held one month later at Ashton.

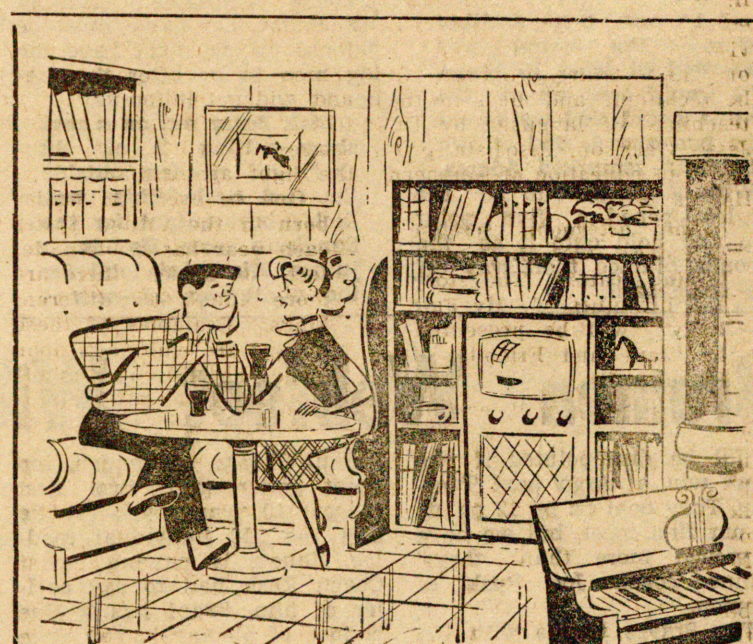

Winners of the district will receive gold medals for first place and silver medals for second place. Only first place winners may enter the state contest.

Eagles Halt Parks; Aurora Taps Braves

Victory Keeps Sandburg in Tie With Reavis for Third Place

The high flying Eagles of Sandburg sent the hard pawing Mustangs of Evergreen Park kicking to the ground last Friday evening at Orland Park, 60-56.

In beating the favored men from Evergreen Park the Sandburg team remained in a third place deadlock, with victorious Reavis of Oak Lawn.

It was the third league victory against two defeats for Bill Adams charges.

"Again we won because of our good defense and not our shooting. The shooting was more accurate than usual, but not good enough to try and shoot with the Mustangs," smiled Adams.

It was an exciting game. The battle was knotted at least 15 times. "I would look up at the score board and we would be two ahead, tied or two behind," remarked Adams. With a minute to go the Eagles opened a five point gap and held onto it as the seconds blinked their way off the scoreboard.

Sandburg dashed into a quick 16-9 lead with the dark like shots of Dick Barry and Duane Erickson.

Quarter two: The Mustangs kicked his way back into the game on the side shooting of John Jenner. The big Evergreen Center was extremely accurate from the deep corner. Half time: 28-28.

From that point until the end of the game—you were never sure who was on top you did not have an idea who was going to win.

Then Sandburg got a momentary jump with about a minute to go and that was enough to win by four points.

"I believe that we are improving," explained Adams. "Of course, our game must be defense for we don't have the big men to go after the rebound and get it for us."

Dick Barry put on a real show—hitting 7 of 10 shots—all of them outside the foul circle. This was Dick's best output for the Sandburg team. He is a junior. His point total for the night was 17—second

only to Jenner of Evergreen, who notched 18.

Sandburg had four men in the double figures. This was a first for them. It also marked the first time that the team has been able to hit 60 points.

Don Arnold was up to his usual par in rebounding. Arnold has done exceptionally well against the much taller men in the SW Suburban. Don added 16 tallies to the team total.

To prove the defense was good—note the low scores of Dick Whittington and John LePore—the basket scoring twins of Evergreen. It is a chore to keep these two men under 35 points. They just broke 20 against the Eagles.

If Sandburg defeats Bremen and Oak Lawn beats Reavis the Eagles will find the upper strata of third place theirs.

Summary:
SANDBURG (60) Yurtis 4-2-10; Arnold 4-8-16; Barry 7-2-17; Erickson 5-1-11; McBride 2-1-5.
EVERGREEN PARK (56) Whittington 4-1-9; LePore 3-7-13; Jenner 5-8-18; Ehler 4-1-9; Hiese 0-0-0; Urban 1-0-2.
Score by quarters 1 2 3 4 T
Sandburg 16 12 17 15 60
Evergreen Park 9 19 17 11 56

SQUEEZED—Don Arnold, reliable scorer and tough rebounder for Sandburg, is caught between two large men from Oak Lawn—one Hank DeVries, Arnold, much shorter of the three, demonstrates why he is such a valuable asset to Adams attack. (Marvin Smith photo)

Big Eight School Doubles Score In 1st Quarter, Then Hangs On

East Aurora, conqueror of third ranked Elgin—both big Eight schools—last Saturday evening proved that you can win in the first quarter.

The men from Aurora amassed a 17-8, first quarter lead and then fought Bremen on even terms the remainder of the distance for the 63-54, victory.

Both teams hit the basket for about 40% of their shots. Bremen seemed cold in spots, but it was the lack of shots on the basket that spelled defeat. Bremen got 46 shots to E. Aurora's 54. Mayor Egan wasn't present to increase the Aurora temperature, either.

Jerome Randle El was the second half spark plug that would not let E. Aurora pull away. Time and again he confounded the Aurora team with his slick ball handling, fine shooting, and tricky change of pace. Jerome scored all of his 12 points in the second half.

E. Aurora broke lose with quick shots. Jerry Renner, big man in the defeat of Elgin, scoring three buckets. Jim Mannaioni drove in for a basket to make the count 8-6 Aurora.

From there the Braves couldn't find themselves. Renner and Fred Dwyer of Aurora scored on jump shots before John Przybyla scored a one-hand push shot. Now the score was 12-8. Dwyer hit the net from his favorite spot in the corner to make the quarter end, 17-8, E. Aurora. The Braves shots were hit-

ting the rim or rimming in and out.

Bremen's passing was spotty in the contest. The guards were not too careful as they helped E. Aurora to two easy fast-break baskets in the second period. In fact, the Braves passing in the entire game left something to be desired.

Clint Wolf of Aurora hit a free toss and Renner was back with a jumper from around the foul lane. Rodgers foul shot and Jim Miffilin's first points of the game matched the E. Aurora effort.

So it went through the remainder of the contest. The game was; matching basket for basket. Neither team could sustain a rally after the first quarter gusher of E. Aurora. Sparked by the driving spirit and play of Randle El, the Braves had the beginnings of a surge in the waning moments of the final period.

E. Aurora had moved out to a 15 point lead, its largest of the game, with a couple minutes to go.

Jim Mannaioni threw in a long shot. Randle El drove under the basket, faked his guard, shot in another two points: 52-41. Wolf of Aurora hit on two charity markers and it was 54-41. Still 13 behind.

Miffilin was good of one of two charity efforts. Jim Randolph, sub for Rodgers, hit on a one hander from the side. Miffilin was back at the line and good for two more free throws. Now it was 54-46. Just 8 points. Bremen countered twice—

Gus Penek of Aurora made it 53-50.

Mannaioni fouled out. Aurora stopped the rush. Miffilin's shot in the final seconds cut the margin to 63-54.

Both teams had four men scoring 10 points or more. Fred Dwyer, schuffling, sure fire corner man, was leading scorer with 16. Renner and Miffilin each counted 15.

"That cold start just put us down too far. We fought them even for the final three quarters," suggested coach Bill Brown of Bremen.

The Braves, if Rodgers had been at full strength and hot, would have, no doubt, given a thrilling account against this highly rated Aurora quintet.

Dwyer was the man that Bremen couldn't stop. Fred shuffled into the corner and hit on 8 or 12 shots. What a percentage!

Phybyla, was half the Braves team during the first part of the game. He seemed to tire later in the game.

John scored more than half the points in the first quarter, added 12 for the evening, and led Bremen rebounders for the contest.

He is developing into a fine player. With a little more conditioning and experience he should be top flight. Many ask if he has the competitive fire. That remains to be seen.

BREMEN (50)
Przybyla 3-6-12; Miffilin 5-5-15; Rodgers 0-1-1; Mannaioni 5-2-12; Randle El 4-4-12; Randolph 1-0-2; Hoffman 0-0-0.
E. AURORA (63)
Renner 6-3-15; Mow 4-2-10; Wolf 2-6-10; Dwyer 8-0-16; Wiegins 0-0-0; Pentek 2-0-4; Hinds 1-3-5.

Bremen Webfeet Will Seek Revenge at Argo Pool

"I'll be disappointed if we don't win at Argo next Tuesday. They beat us by 12 points in our first meet, but we have improved more than they," grinned coach Joe Rusk of Bremen.

The Braves tangle with the Argo lads on Tuesday afternoon at Argo.

The showing of the Braves thus far this season is a real tribute to the coaching staff. In spite of the two bad defeats over the week-end, the Bremen team is better than expected. "The other two teams had depth that we did not have—and, of course, the other places, such as third, count points," explained Rusk.

At Harvey on Friday afternoon the Braves were beaten, 70-16. Bremen's frosh-soph showed better than its elders with a 55-31, loss—almost unbelievable for a team that is in its first year of competition.

Monday evening before a sell out crowd the Bremen men showed improvement, but lost to one of the best swim teams in the state of Illinois, Bloom Township of Chicago Heights, 62½ to 23½.

It was an increase in points for the Redmen. It was another encouraging sign of the season.

Paul Shuetz, of Bremen, top point getter—won two first places; 100 yard back stroke and the 150 individual medley. Shuetz is proving what Coach Rusk had to say earlier of him. "Paul has a fine chance of placing in the state meet—if he continues to improve." He seems to improve with each meet.

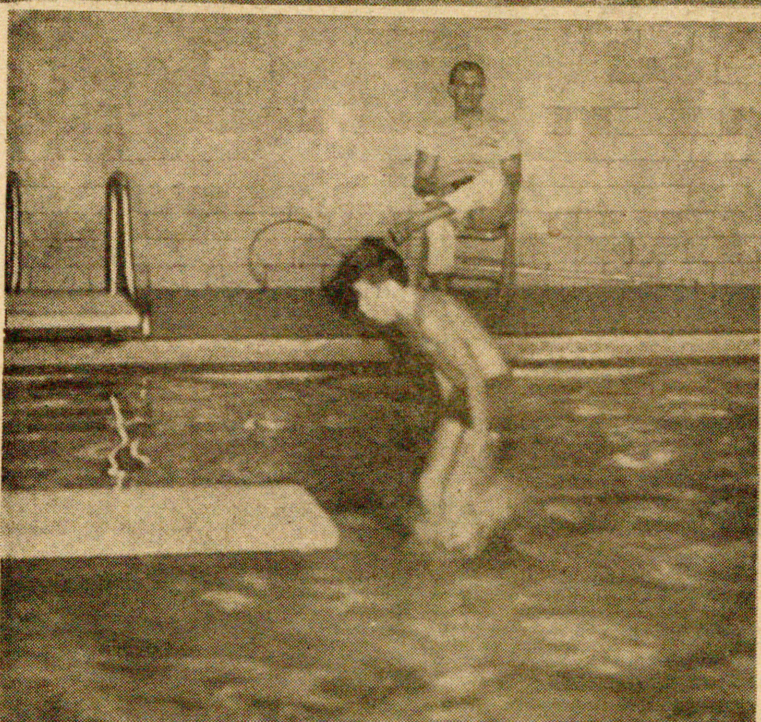

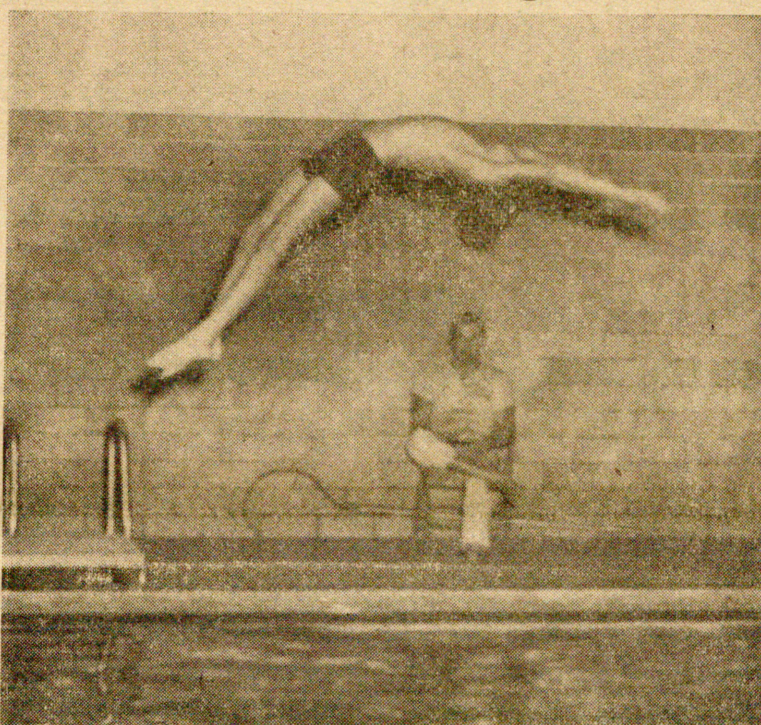

Steve Hinger, star diver, just missed a first place against Bloom, 103-104. Can't get any closer. "Steve is a talented boy. Charley Smith finished second in the 100 yard dash swim with Bloom.

"The competition is terrific. Most of the schools are so much larger and have had time to develop teams—that I'm not one bit displeased with the showing of our team," the Bremen mentor declared.

Bloom frosh-soph took Bremen's by a 63-23 score.

"Thornton's frosh-soph is the best coached swimming team that I have ever seen," enthused Rusk. "They were not quite as good as Bloom's youngsters, but they are coached."

Bremen's record is now one win and three defeats. This is one more victory than Rusk had hoped for at the season's beginning.

SWIMMING—(above) Steve Hinger, Bremen High school diver, begins a back flip that helped him to a second place finish in the match with Bloom Township last Tuesday afternoon at Midlothian. (below) Hinger is dropping perfectly into the water at the conclusion of his flip. Well done—netting some more points for his eventual total of 103. (Marvin Smith photos)

MOKENA GIRL SCOUTS
A Mothers tea was given by Girl Scout Troop 335 Wednesday at St. Mary's hall, Mokena. Susan Lindstrom was in vested and the following girls received their one year attendance stars: Phyllis Bisgrove, Frances Bormet, Maurcen Carlton, Marla Pant, Susan Gilles, Linda Gorman, Roberta Lang, Susan Proud, Barbara Richardson, Sharon Tilsey, Diane Tuttle, Linda Yunker and Sally Zink.

Mrs. Robert Lang and Mrs. Emily Leamy are leaders of the troop. Refreshments were served by the committeewomen. Mesdames Robert Lang, Robert Floyd, Harold Behen and Arthur Omland received their five year pins at the Neighborhood meeting Jan. 7.

In order to organize Girl Scouts it is necessary to have a certain number of troops in a neighborhood. Therefore, New Lenox and Frankfort have joined with Mokena to form the Tri-Kena Neighborhood. Mrs. Harold Younger, the troop organizer, reports three new troops are starting and two have been organized.

Browsing Through The Cold Stove League

By DEAN DALLAS

Friday evening Bremen and Carl Sandburg tangle in their first annual basketball engagement. Bremen has normally won, but this year it might be a different story.

The Braves, 1957-58 Conference champs, are finding the SW Suburban League opposition might be rough this season. Bremen's only victory is over Lincoln-Way, 62-58.

Two weeks ago the Bremen team gave Rich a definite scare. Then on Saturday evening a close battle was dropped to Argo High School.

Carl Sandburg has continued to show improvement each week. The beginning of the season was bad, but Bill Adams charges have shown the needed class to win. Currently, they are in third place in the SW Suburban League with a 3 and 2 mark.

Scores or comparison of such is of no value in this contest. For the erratic, inexperienced Redmen — when they are not easily disposed of or scare the best in our area.

The Eagles should be in a better position for this contest on Friday evening. The warm-up victory over Evergreen Park was a big surprise to many basketball followers. The Orland Park team limited Evergreen to less than 60 points — the first time that it has been done this season.

Bremen will be at home. This will favor the Braves. The Braves shooting was very cold against E. Aurora last Saturday and Sandburg had one of its better nights at Orland Park with Evergreen.

Man for man the Brave appears stronger than the Eagle. When Bob Rodger is right — Don Arnold, center for Sandburg, can't shoot with him.

Neither Jerry McBride or Dick Barry can control and shoot with Jim Mannaioni of the Braves. Jerome Randle El certainly must be classed with Mannaioni.

John Przybyla and Jim Miffin tower above Phil Yurtis and Duane Erickson of the Sandburg. Normally, shoot better. Thus height will play a vital factor in this game. If Miffin and Przybyla should rebound as they did against Rich the Eagle will be shot out of the sky in a hurry, but it is a real "if".

Sandburg's defense has been superb at times this season. Bremen doesn't have a heralded defense, but sports the best shooting outfit in the SW Suburban.

You can count on Adam's charges trying to stop the fast-accurate shooting Braves — Brown's Braves will be trying to hit the basket. You will see a great basketball game.

Should Sandburg win — it will be a close ball game. Bremen should win, will probably beat Sandburg by at least 10 points.

You choose the winner!

Ken Young of Orland Park has been scoring near the double figures in recent games with Valparaiso University of Indiana.

Joe Kruzich's lads from L-Way put on a great show in bowing to Reavis last Friday. Kruzich has done a remarkable job of getting those "kids" ready. . . . Bob Rodger was suffering from the after effects of the flu on Saturday. . . . He saw limited action against East Aurora. . . . Sandburg might move into third place — all alone, but Bremen could just move up a notch in the circuit — after Friday evening. Tom Peterson of L-Way is probably lost for the season with an ankle injury. . . . cherrio!

Bettenhausen Story

Breaks Against Him

By DEAN DALLAS
Sports Editor

After the Indianapolis dis-appointment of 1945, Tony went back to Midget Racing and here he was the "cream of the crop"—suggesting an old proverb.

He won the Blue Island, Milwaukee, and Urbana cham-pionships again. This was the second time in two years that he walked off with this triple crown in the Midget Car Class.

It became a question of not who would win, but how much would Tony win by.

The farm was forgotten. The autos had now become all of Tony's life. He and Al Schultz bought a Kaiser-Frazer auto agency in Blue Island. "Between this and racing, I slept," remarked Tony.

At this time the big races prior to the 500 were the National Championship Cars. Tony had raced in these but had never won a single effort.

He was slated to drive in the championship type race in Coshen, New York—but George Robeson, 1945 winner of the Indianapolis classic was given the auto to run in Georgia.

Robeson demolished the car in Atlanta and was killed in the wreck.

Bill Corley—a racing man at heart—owned the engine. The engine was found sound and so a car was built around it —by Mr. Corley.

This time he kept his word and put Tony to work—driving the red, number 7.

At Milwaukee:

Bettenhausen tabulated the second fastest qualifying time. At the start he roared into the lead, which he held until the main bearing "went out" and he was out.

Ah, yes! Tony got the breaks.

The engine was rebuilt.

Bremen and Sandburg to Highlight SW Suburban Cage Card Friday

Carl Sandburg High and Bremen High square off for their first meeting of the basketball campaign at Midlothian on Friday. This could be one of the finest games of the season for either school.

Sandburg is fighting to hold third place and Bremen is trying to move up in the standing.

Coaches Bill Adams from Sandburg and Bill Brown of the Braves would not make a prediction —

Knights Split Dual Matches Over Week-end

The Knight's of Ron Larson put Morris high school on the mats to the tune of 29-16, but didn't have enough to even contain the powerful Spartans of Oak Lawn. The Oaks won that 41 to 14.

"We gave Oak Lawn its best battle on the frosh-soph level, but they certainly are tremendous at the varsity class," frowned Larsen of L-Way.

Both of the Oak Lawn teams are unbeaten in dual match competition. Not bad.

Morris was a different story. The Knights started with wins by Cheatwood and Delaney and didn't stop winning until Vince Miller lost a decision in the 127 pound class, three matches later.

Summary:

Lincoln-Way vs. Morris— 95-Cheatwood (L-W), Ken Fosen (M) draw 6-6; 103-Delaney (L-W) decisioned Stiller (M), 4-0; 112-Santarelli (L-W) decisioned Don Fosen (M), 11-1; 129-Zitter (L-W) pinned Welch (M), 12-7; Peck, (M) decisioned V. Miller (L-W), 7-3; 132-Steel (M) decisioned Hammond (L-W), 10-7; 138-Bike (L-W) pinned Hughes (M), 14-5; Rogers (L-W) decisioned Dan Fosen (M), 5-2; 144-Zelko (L-W) decisioned Peredetto (M), 8-0; 165-Penson (M) decisioned Charvat (L-W), 5-3; 175-Sobien (M) pinned R. Young Braves Typical of Bremen Teepee

Winning its ninth game in a row, Bremen's frosh-soph compiled one of its worst evenings of shooting with only a 32% mark, against Argo. Many varsities would like to shoot this well.

This young outfit is shooting at an amazing—really terrific—percentage of 39. If they had hit anything at all against Argo the percentage would have been 40 or better. How many varsity teams in the SW Suburban are shooting this well? A very few.

Against Reavis the Braves hit a fabulous 54% for the entire game. Evergreen Park was hit with 51 percent effort. The 32 mark is the worst of the season for them. How would you like to have this team?

This certainly indicates that Bremen has a team coming that will make trouble for everyone in the SW Suburban. Thornton Fractional is the only team to give any real trouble to Emile Lussow's sharp shooters.

If you think the offense is good—look at the defense. While the young Braves have a score of 48.7 per game average the opponents have been held to a 28.5 average. It is not uncommon for the Bremen foe to score less than 10 baskets in a contest.

Reavis scored eight baskets. Evergreen Park could find the

range on nine field efforts. To mention a few who have found the Braves zone much to difficult to shoot through or shoot over.

Coach Emil Lussow feels, "We have a good team, but they certainly have many weak spots to eliminate. We are winning, but should have done some better on a few evenings."

The boys are not tall. All are about six foot and with a couple just a little taller. They are expected to grow some more.

nor comment about the possible outcome of the game.

Lincoln-Way journeys to Evergreen Park. Can the Knights duplicate their amazing showing against the Reavis team of last Friday.

If L-Way has its defense functioning properly—if they shoot 54% again,—there is a good chance that they would defeat the Evergreen school. However, Evergreen should win.

Reavis Rams will tent Oak Lawn. The Spartans were beaten by Rich for their first loss of the season. The Rams have the punch and power to defeat Oak Lawn. Reavis to win.

Rich beat Oak Lawn worse than they were able to top Reavis.

Rich is idle. Friday's Results: Sandburg 60; Evergreen Park 56

Reavis 54; Lincoln-Way 50 Rich 66; Oak Lawn 51

Sandburg Wins Wrestling Meet

Joe Devine's Sandburg wrestlers won the Lockport Quadrangular meet for the second straight year.

The Eagles beat Danville, favored last year and this year, for the title.

Winning seven of 12 championships in the Lockport quadrangular wrestling meet gave Carl Sandburg high school's mat men first place with 98 points, Champaign High school was second with 86 marks. Danville and Lockport finished in the third and fourth spots.

Champaign qualified eight men in the championship bracket finals and

Earl Breitbarth and Ron Reiser took top honors in the first two divisions, 95 and 103 pounds. Dave Gibson picked up the next blue ribbon in the 127 pound class, followed by equally fine performances

Snow Changes Church Loop Schedule to Tonight

The Tinley Park Church Basketball league will hold the regular scheduled games of Tuesday evening tonight, at the Central school, Jan. 22 at 7 p.m.

Snow and bad traveling conditions prevented the teams from getting to the gym for the games.

On Thursday evening the second place St. George team will meet Zion Lutheran in the second game on Thursday—8:30 p.m. Nazarene and Trinity Lutheran will tangle in a battle for fourth place in the league.

Zion Lutheran has been improving with each game. How-

ever, they will not have enough engines to beat the second place Catholic team.

The Nazarene and Trinity Lutheran will be battling for fourth place. If Trinity wins they will go into a fourth place tie with the Nazarene church. If the Nazarenes win they will stay in third place—where they currently are. In the previous encounter of the two teams—the Nazarene won 56-46.

Trinity has shown a vast improvement since that game. This might be the best encounter of the evening—it begins at 7:00 p.m.

The League meeting to de-

The Lincoln-Way Knights turned in its best performance of the year, but had to settle for an overtime defeat at Reavis High in Oak Lawn last Friday evening, 54-50.

Brilliance was the word for the Lincoln-Way action. The shooting percentage was one of the best turned in by an SW Suburban team this season. The Kruzich's men hit on 54% of their shots. "Skip" Kruzich showed that roundball through 10 times in 12 attempts. That is an astounding 85%.

Kruzich, L-Way, sophomore, has scored more points in a single game than his 21 against Reavis but this accuracy certainly establishes him as one of the best marksmen in the circuit.

The coach's son never looks like he is doing much, but he has carried the major part of the Knight's scoring punch this season.

Friday evening it will be interesting to watch the battle with the two Evergreen Park guards. Both are deadly shots as is Kruzich.

It was "Skip's" shot in the final seconds that tied up the game once again and sent it into the overtime.

"The boys were good. Many have suggested that we should not be on the floor with some of these teams, but my 'kids' with real heart, have demonstrated that they not only want to play—but can play," enthused Joe Kruzich, L-Way head coach.

"I've never seen the boys shoot like they did. It was heart warming after the poor showing in the holiday tournament." Yes, 54% is something that the professionals would like to gloat about. But, it was not enough to win. Lincoln-Way just didn't get

Ottawa Grapplers to Pit Grips Against L-W Team Tomorrow Night

Tomorrow night at 7:30 o'clock at the Lincoln-Way high school, Coach Ron Larsen's wrestlers will be trying for its sixth win of the season, when they do battle with Ottawa.

Saturday morning at 10:00 a.m. they travel to Joliet for an engagement with Joliet high school.

Monday evening at New Lenox, the L-W grapplers beat Downers Grove in a grueling match, 29-14. The score was not too indicative of the close and furious clash in many of the matches.

Before Bill Rogers of the Knights could pin his opponent—a royal up and down occurred. The pin by Rogers was the end of a fierce struggle.

"This might have been the most bruising of the season for us," indicated Coach Larsen.

This was the second win in succession for Lincoln-Way. Summary:

65-Tom Suchoski (L-W) won by forfeit; 103-Kereher (DG) decisioned Delaney (L-W), 5-3; 112-Santarelli (L-W) decisioned Parz (DG), 7-0; 129-Zitter (L-W) pinned Stuck (DG), 12-7; Miller (L-W) Laced (DG) draw 2-2; 132-Jenson (DG) decisioned Hammond (L-W), 6-0; 138-Schadenman (DG) decisioned L.W. 8-0; 145-Rogers (L-W) pinned McAnd (DG); 151-Zelko (L-W) decisioned Laguerre (DG), 6-0; 165-T. enough shots. They played a defensive game—high in calibre. They stopped the vaunted driving power, that has sustained the Rams this season, with regularity. Lincoln-Way managed 33 shots.

The Knights broke away with a 17-7 lead in the first quarter. Kruzich surprised by sending his men into the game in an all court press which completely befuddled the Reavis club.

The second period was a dogfight. The teams drove back and forth with a great deal of the play coming in the backcourt. Reavis got the better of the effort and closed the gap to 24-20, at the half intermission.

Then Kruzich dropped in a lay-up shot to tie the game with seconds to go after the two tight periods of play.

In the overtime, it was foul shots that ruined Lincoln-Way. The Knights jumped to a quick 50-46 lead. But, while freezing the ball, and protecting its lead, collected a total of three personal fouls—which Reavis converted—spiced it up with a few field goals for the win.

The Rams won it on four straight charity markers by Jim Voight.

Kruzich was leading scorer in the game with 21. Larry Jwema netted 15 for Lincoln-Way.

Lincoln-Way continues to improve. They are going to win some games. The question now is: will they begin winning at the end of this year or will it be next season.

Archery Club's First Banquet Is Big Success

A large turnout of members and guests made the first banquet of the Tinley Park Archery club a big success.

Credits are due Mrs. Orville Buck, Mrs. Virginia Schatz and Mrs. Vi Zientara for their great effort and diligence in planning and promoting the affair, also to Mrs. Schatz for the attractive art work and time spent making individual place cards.

Gene Schartz introduced Rudy Boenzi as master of ceremonies. Edward Balkar and John Naughton gave a brief resume of the club's history since its organization two years ago. Orville Buck narrated the club's accomplishments. Don Zientara spoke of the future possibilities of the club.

Tinley Lions Hear Architect On Swim Pools

Hugh McClure, an architect and engineer who specializes in swimming pools was scheduled to speak before the Tinley Park Lions club last night. The club is studying the sponsorship of a swimming pool in Tinley Park.

A money raising endeavor is being conducted by the Lions club towards making it a reality, the funds from the sale of tickets to underwrite expenses for the pool campaign. At the meeting last night, a committee of Lions Chuck Welch, Clem Gaudin, Dave Horridge and Bill Kopp, were to present the plans for the campaign to the group.

Judges in the campaign will be Father Thomas D. O'Connell, pastor of St. George Catholic church, the Rev. Kenneth Crandall, pastor of the Methodist church, and Lion Ernest C. Kaminski, deputy district governor.

The Tinley Lions club recently sponsored the establish-

Angland Starts Investment Class at Chicago Hts.

Maurice Angland, of Mokena, who for several years has conducted classes on finance and investments in the adult night school at Lincoln-Way high, is carrying on a similar project now at Chicago Heights.

He has a class of 25 members there that have enrolled for a 10-week course. The class is now filled. The course began last Thursday night and will continue on the same evening for the next nine weeks. The class meets at the office of Reynolds & Co., brokers, at 58 Illinois st. Mr. Angland is connected with this firm. The same curriculum in use at Lincoln-Way is being followed in the present course.

Mr. Angland, who writes a column on business and finance for this newspaper, has spent most of his working career in the investment field. Before becoming a broker he was in banking and was connected with one of the world famous banks in New York. At one time he was in the U.S. consular service where his assignments took him abroad where he gained first hand knowledge of foreign trade and commerce.

ently sponsored the establishment of a club in Oak Forest and was awarded a Lion's sign which will be placed on the highway.

There were 18 Tinley Lions and their wives present at the Charter Night ceremonies of the new club.

The Tinley Lions sponsor Explorer Troop 295, starting them with a \$100 donation about 18 months ago. At this month's meeting, the directors voted another \$100. The Advisor of the troop is Jack Spiegleman.

Forms Available For Candidates in Village Election

There will be four positions on the village board of Tinley Park to be filled at the April 21 election. Three trustees will be elected for four-year terms and one for two years, to fill an unexpired term, created by a vacancy.

Forms of nomination petitions can be obtained from the village clerk, Victor Propp, by aspiring candidates, together with statements of candidacy.

The first day of filing nomination petitions is Jan. 26 and the final date is March 2.

Traveling Pastor to Show Films of Trip Thru Russia

The Rev. Virgil A. Kraft, world traveler and lecturer, will present a dramatic report, "Adventure in Russia—1958" at the Tinley Park Methodist church on Sunday, Feb. 8. This is a program of colored slides and movies, combined with tape recordings of street crowds, class rooms, church services and student discussions.

The Rev. Mr. Kraft, who is associate pastor of the Peoples church, Chicago, first visited Russia in 1956. In the spring of 1958 he and Mrs. Kraft again visited Leningrad, Riga, Kharkov, Moscow and Tashkent.

The program will be open to the public, no admission price will be charged, but a free will offering will be taken.

Most people are reluctant to talk about birth defects (congenital malformations not birth injuries). Only a few come to mind, such as club foot, harelip and cleft palate.

But there are 644 recognized defects that affect infants at birth. The March of Dimes will provide patient aid for children with certain specific defects and will bring its research genius to bear on the whole problem.

Mrs. W. H. Horton is Named New Red Cross Fund-Raising Chairman

By Mrs. Lillian Knox
Fieldbrook 8-0211

After serving the Chicago Chapter of the American Red Cross as fund raising chairman and in other capacities in the community since 1936, Mrs. Sherman Knox has retired as fund chairman, but will still serve as public information. Mrs. William H. Horton of 14335 Oakley st., has graciously accepted the chairmanship of the fund campaign.

A resident of Orland Park, Peter Joseph Short, a native of Ireland, became one of 182 new citizens last week to participate in citizenship ceremonies before U.S. District Judge William J. Campbell.

Chuck Stewart, son of Mr. and Mrs. Charles Stewart left Jan. 16 for an extended tour of the west coast and Mexico. He plans to be back home in time to be inducted into the armed forces, Feb. 25.

Mr. and Mrs. Edward Umek and Mr. and Mrs. Mel Draulle celebrated their 12th wedding anniversary Saturday evening, Jan. 17 by attending the performance of 'Auntie Mame', at the Erlanger Theater in Chicago.

August Libner of Chicago, father of Elmer C. Libner of Orland Park, died Saturday morning, Jan. 17. He was born in Chicago, Jan. 11, 1891. His wife Anna, nee Prietz, preceded him in death four years ago in June. Surviving besides

his son are one grandson Daniel A. Libner of Orland Park. Funeral services were held Tuesday, Jan. 20 at 1:30 p.m. at chapel 5632 South Ashland Ave., Chicago. Burial was in Mount Greenwood cemetery.

The Mary Circle of the Methodist W.S.C.S. will meet in the home of Mrs. William Brown, 14525 Woodland ave., Tuesday evening, Jan. 27 at 8 p.m. The Esther Circle will meet in Wesley hall Thursday, Jan. 29 at 10:30 a.m. Members are requested to bring a sandwich. Hostesses will serve coffee and dessert at noon.

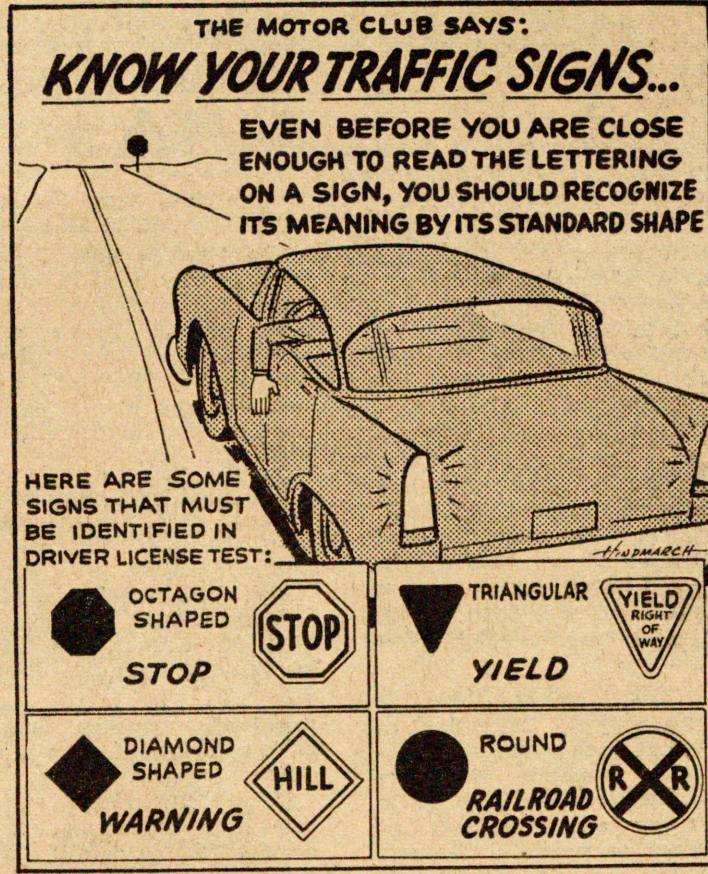

Arthur J. Creer was separated Jan. 14, from the United States Army at Ft. Sheridan, after serving 16 months overseas in West Berlin, Germany. He was attached to Special Troops Signal company in fixed station radio transmitter operation and maintenance.

The neighbors of Mrs. Phillip Ebeling honored her with a surprise house warming Friday Jan. 16. The Ebeling family formerly residing at 151st st., had moved into their new home on 147th st. around Christmas time. Guests were Mrs. Joseph Cynek, Mrs. William Kane, Mrs. William Ashum, Mrs. Larry McBride, Mrs. Ralph Show, Mrs. Joseph Krob, Mrs. Bill Adams, and Mrs. Clarence Kelsey. The group presented Mrs. Ebeling with a gift for their new home.

Sunday afternoon, Jan. 18 another group had a surprise house warming honoring Mr. and Mrs. Emil Reckemer on La Grange road and 171st st. Guests were Mr. and Mrs. Art Reckemer, Mr. and Mrs. Emil Reckemer, Sr., Mr. and Mrs. A. Blomquist, Mr. and Mrs. G. Sederok, Mr. and Mrs. W. M. Ke, Mr. and Mrs. Erwin Yunker, Emil, Norman and Arlen Keuch, Mr. and Mrs. Emil Rauch, Mr. and Mrs. John Rauch, and daughter, Evelyn. Mr. and Mrs. Philip Rauch, Mr. and Mrs. Harry Rauch, Mr. and Mrs. Floyd Rauch and family, Mr. and Mrs. Herbert Sterling and family, Mr. and Mrs. Art Granat and family. The group enjoyed supper in the evening and presented the honored couple with a gift for their new home.

Saturday morning, Jan. 17 they were called to assist Tinley Park firemen at a stable fire at 159th st. and 79th ave., where 10 horses were burned to death. The stable was burned to the ground. Pat Schiavone is the owner.

A group of Charlene Stewart's class mates gave her a surprise birthday party, honoring her 18th birthday. Janet Maue entertained the group in her home. Charlene received many gifts.

Laguna Woods Red Cross Fund Chairman Named

Mrs. Thomas Verhagen, R. 2 has been named chairman for the March 1959 Red Cross fund campaign in Laguna Woods, Orland Park township, reports Mrs. Sherman Knox, Red Cross Public Information representative for Orland Park.

Mrs. Verhagen will assume responsibility for general organization, coordination and administration of the campaign.

"Through your contribution to Red Cross," Mrs. Verhagen said, "you are indirectly going to the scene of every one of the more than 400 disasters that occur in the Chicago area each year, giving emergency help and assisting in getting families back on their feet. Your money also helps Red Cross keep the serviceman and his family back home a united family, by acting as liaison during times of personal trouble."

"Classes in mother-baby care, home care of the sick and injured, first aid, and water safety are made available to our community through your gifts to Red Cross," she added. Mrs. Verhagen was secretary of the John J. Curtin and Son Plumbing Contractors for four years. She is active in the work of the Christian Reformed Church of Palos Heights, sings in the choir, and is secretary of the Ladies Guild. She is also vice president of the Palos Heights Christian School Auxiliary, and chairman of the ways and means committee of the auxiliary. Mrs. Verhagen is chairman of the beautification committee of Laguna Woods.

Baptist Women To Attend Area Meeting Jan. 23

About 85 members of the Baptist church woman's organization are expected to attend the quarterly meeting of Baptist churches in the Chicago Southern Associations to be held at 10 a.m. Friday, Jan. 23. This was discussed at the Jan. 15 meeting of the W.M.S. first Baptist church. Mrs. Blanche is the chairman.

There were 16 members at the meeting which was held in the home of Mrs. Donald Baskin, 6608 W. 173rd St.

32 members of the seventh grade of Central school visited the new Hinsdale Health Museum Jan. 12, accompanied by their teacher, Edward Beck.

The Moochers birthday club began their fifth year together with a birthday celebration at the home of Mrs. Josephine Stech, 17632 - 67th st.

Guests Saturday of Mr. and Mrs. Ed. Sierachi were John Munz and daughter of Crete.

Mr. and Mrs. James Kaufman of Waukegan were dinner guests Wednesday evening at the Dallas Webster home.

Mr. and Mrs. Julius Osberg were dinner guests Sunday of Mr. and Mrs. Richard Barr in Harvey.

Mrs. May Yunker entertained her birthday club in her home Tuesday evening.

Leroy Anderson is attending the State Police Training Academy in Springfield in a four-week intensive study course which upon graduation will carry an appointment with the police force of the tollway system. Rigid examinations were held for entry to this course, and of 2,000 applicants 30 were accepted. Mr. Anderson is 24 years old and a graduate of Thornton township high school. Formerly he was employed with the engineering division at Ford Motor Company. At present, he and his wife and 15 month old son, Ricki Lee, are living with her parents, Mr. and Mrs. Joseph Payne in Tinley Park.

The new Tinley ambulance service was put to use for the first time Monday night when Mrs. Henry Schaye of 6556 Hubbard Lane dislocated her knee while bowling at the Tinley Bowling Lanes. The ambulance took her to St. Francis hospital, Blue Island, where she was treated and released.

Start Mid-Winter Craft Classes At Community Center Foundation

The mid-winter session of craft classes at the Community Center Foundation, Palos Park, will begin the last week in January. The new addition to the Craft Shop is finished and woodworking classes will again be given starting Wednesday, June, 28, from 8 to 10 P.M. The shop is fairly well equipped with power tools but some simple bench tools which most people have in their homes will be necessary. The class will meet once a week for ten lessons. It is open to both men and women and young people. Neil J. Anderson of Palos Park will be the instructor. He will be assisted by Harold Hovasse of Oak Lawn.

Enlarged craft facilities in the Craft Shop will give added pleasure to the classes in ceramics, painting, and silk screening which also start the last week in January. Additional space has been made possible for them by the erection to the west of the present Craft Shop, of a new building for the woodworking class. The Foundation Craft Shop has offered craft classes for the people of the community since 1952. This season, in addition to the painting and ceramic classes, a new class in silk screening will be given. Silk screening is a fascinating process used widely in industry as well as in art. In this class textile designs will be created to paint on fabrics and the

process will be used as a picture painting medium. The class will be held on Friday, from 1 to 3 P.M. starting Jan. 30.

The painting classes will begin Tuesday evening Jan. 27, from 7:30 to 9 and on Thursday afternoon, starting Jan. 29, from 1:30 to 3. As a supplement to the painting class, to those enrolled, a sketching class will be offered free of charge. This is to meet the need expressed by previous students for help with drawing problems. The date for the sketching class will be decided after the painting classes begin.

Ceramics classes will start Wednesday, Jan. 28, from 1:30 to 3:30 P.M. and 7:30 to 9 P.M. In addition to teaching the regular techniques for making pottery, also included will be the making of mosaic pictures for those interested.

The beginning painting class on Tuesday evening will be taught by Mrs. David Hurwich of Palos Park. The instructor for the other classes will be Mrs. Marvin Kutchinski of Palos Heights. Beginners and advanced students are welcome to all classes.

At the annual "Open House" at the Foundation the last Sunday in May the work of all the classes is exhibited.

If you are interested in any of these classes, send a postcard to the Community Center Foundation or telephone the office, Gibson 8-0780.

Stroke Fatal to Levi E. Hynds, 81

Graveside services for Levi E. Hynds, 81, who died last Saturday, Jan. 17 at the Smith Nursing home, Joliet, were held Tuesday afternoon at Elmhurst cemetery. The body was taken from the Baskerville chapel, Lincoln highway and Roberts St., to the cemetery at 1 o'clock.

Mr. Hynds, a retired telegrapher and Santa Fe pensioner, had been a resident of New Lenox for the five months preceding his death. He lived at the William Griffith home at 333 Maple St.

A native of Putnam, Ill., Mr. Hynds worked for the Santa Fe railroad as a telegrapher until he retired in 1937. He lived in Joliet many years. Last Thursday he suffered a stroke. Arrangements were made to send him to the Santa Fe general hospital and he was taken to the union station at Joliet Friday in an ambulance. At the depot there was a telegram to the effect that because his insurance had lapsed he could not enter the railroad hospital.

Apparently there was no room in the Joliet hospitals and four nursing homes contacted were unable to accommodate the man, it was reported. He was admitted to the Smith Nursing Home. The only survivor is a stepdaughter, Mrs. Anna Miles, of Los Angeles.

Civil Defense Offers Advanced First Aid Class

The Women's Corps of the Palos fire protection district Civil Defense is offering advanced first aid instruction to all those who have had basic or standard first aid in the past two years.

This course of instruction will begin Jan. 26 at the Church of the Good Shepherd, 7800 McCarthy Road, Palos Park.

Ten hours of training in two-hour sessions will be required in order to receive a completion certificate in advanced first aid.

The women's unit of Civil Defense meets every second and fourth Monday evening from 8 to 10 p.m. The first aid instruction will be given by the South Suburban Chapter of the American Red Cross. Additional information on this course or other courses may be had by calling Gibson 8-3722 or Gibson 8-3718. The local civil defense director for the Palos area is William Lilly.

January has passed the mid-mark and so has the annual March of Dimes campaign. The drive for funds to wage battle against polio was launched back in the 1930's. January was the month set aside for the purpose.

From the millions of dollars collected over the years, vast sums have been spent on cure and rehabilitation of victims and also on research. Development of the Salk vaccine was the result.

While this vaccine has performed wonders the fight against polio continues. That polio is a tough foe was evidenced by the outbreak of an epidemic of the disease at Detroit last year. But those in charge are confident that in the end science will triumph and polio finally conquered.

In fact they are so confident that beginning this year the researchers are training their sights on two other targets.

From having been the National Foundation for Infantile Paralysis the organization is now simply The National Foundation. In addition to polio it has now taken up the gage cast by arthritis and birth defects.

More than 11 million Americans suffer from arthritis and rheumatism. Each year sees 250,000 children born with some sort of defect. Victories over these cripples would be triumphs indeed.

Persons who have not yet sent in their contributions to The National Foundation are urged to do so immediately.

In former years a separate campaign was carried on to finance the fight on arthritis. That it has now been taken over by The National Foundation seems to us a step in the right direction.

It seems to us that more divisions could be set up under The National Foundation covering other health agencies. As of now we have a campaign to raise funds to fight tuberculosis, one for The National Foundation, one to combat cancer, another to fight heart ailments another against muscular dystrophy, cerebral palsy and for aid of the crippled and handicapped.

All of these causes are worthwhile. They should and do receive public support but of late years it has become more difficult to raise funds.

The common complaint heard is that the campaigns are to close together. Community Chest campaigns are generally held in the fall. It is scarcely over when an appeal is made in behalf of Christmas Seals to fight TB and before that campaign is really well developed the first releases for the March of Dimes are

being delivered to newspapers, radio and TV. The other campaigns follow swiftly so from early fall until early summer there is not a month but that the public is asked to contribute.

And sandwiched in is the Red Cross membership drive, the Poppy days of veterans organizations, and the Salvation Army doughnut days.

We wish to repeat that all these projects are worthy of the support of everyone. But we think that they could be handled differently. Most organizations on a local level that are supported thru appeals, have been grouped together to form a Community Chest for which one appeal is made.

It seems to us that the health groups which now conduct their individual appeals on a national level could be set up as divisions under The National Foundation and one appeal made for all.

Some contend that each organization gets more money by making a separate appeal than would be its share under a consolidated set up. We can't argue this because we have no facts, one way or the other.

It seems to us that the needs of these organizations would vary from time to time, and that if there were one big pot from which it was drawn the money could be allocated according to the requirements.

We realize that each organization has an administrative staff and that some of these jobs are well paid. Perhaps fear of losing jobs may prompt some opposition to any consolidation of these agencies dedicated to betterment of the public's health. We are not in favor of breaking any one's rice bowl, at any time. Perhaps these staffs would be transferred to the new organization. If set up as divisions of The National Foundation each would have a certain autonomy but there would be one top administrator who could call shots in the event of differences.

Perhaps the Red Cross, the Salvation Army and the needy veterans could be included in the Community Chests.

We believe that the response to two campaigns a year, say one in the fall at local levels and one in the spring at national level might be more productive than under the present system which sees a drive, or sometimes two, taking place every month.

Anyway it's a suggestion. In the meantime, don't forget to help the March of Dimes.

On Second Thot

by Glenn F. Logan

In his message to the 71st General Assembly—that's the one now in session—Gov. Stratton plunked for a change in the revenue article of the Illinois constitution.

He describes the present tax system as archaic and says it is in need of a complete overhaul. Such action can be taken only if the people vote to change the Constitution.

He wants a new Revenue Article submitted to the voters in the November, 1960 election.

Suggested amendments covering revenues have been submitted to the people on several occasions but apparently mindful of what a complete overhaul of their automobile does to their pocketbooks, the taxpayers have consistently voted down any changes.

The state seems to be doing pretty well now in thinking up things to tax and if more latitude in such matters is given the legislature we will have to learn to do things with our feet that we now do with our hands. Our hands will be fully occupied in beating off government pickpockets.

Local taxing bodies are pretty much restricted to real estate and personal property. Municipalities have some additional sources of revenue thru their licensing power

but schools, which get most of the tax money collected, have to depend on real estate and personal property taxes, plus what handouts they can get from the state or federal governments.

The state can levy a tax on real estate and personal property but has not chosen to do so since it has found that the sales tax is a bonanza.

Cities and villages who have voted to share in the sales tax—and most of them have—find this a very nice thing indeed. The half cent sales tax voted by the legislature for use of municipalities is supposed to be a temporary measure but if the assembly shows signs of repealing the measure it is expected that the cries of anguish sent up by officials of the cities and villages sharing same would be clearly audible from Alaska to Argentina. The cities and villages sharing in the sales tax never had it so good.

If the legislature follows the wish of such bodies there is little likelihood that the sales tax will ever be repealed. It may be increased, but not rescinded.

Taxing bodies never let go of a tax once it is shown to be successful. True the state is not levying on real estate and personal property at the mo-

ment but it can anytime it makes a levy.

Gov. Stratton states in his message to the assembly, and he has also announced in the press and over the air, that he is in favor of repealing the personal property tax.

The personal property tax is not popular and for the governor to advocate its repeal should win such acclaim that one can well believe that the governor is getting ready to run for another term. Tax repeal talk is vote getting talk but what bothers me is what kind of a tax the governor is planning as a substitute for the personal property tax.

An income tax? Mayor Daley has suggested putting the bite on all persons who work in Chicago but reside outside the city, thru taxing their salaries. And there has been talk that the state may try for an income tax, only it may call it something else. Like putting castor oil into capsules.

The personal property tax is aggravating at times and many persons do not pay it.

Business houses and corporations, however, pay their personal property taxes and this runs into quite a figure. As a matter of fact the tax

Your Doctor Reports

THE FIVE DANGER SIGNALS: PART I

Nowadays nobody needs to have the term "cancer" defined. The word is recognized by everyone, and it usually carries with it a sense of fear and distress. Granting the fact that the occurrence of cancer in an individual creates a serious medical problem, it is nonetheless true that people in general have allowed their fear and lack of medical knowledge to blind them to the many hopeful aspects of this condition.

Perhaps the most common and dangerous error is to believe that all cancers are the same and equally deadly. This is completely untrue. Cancer may occur anywhere in the body. In some areas it can be detected quickly and cured completely in almost every patient.

In a few locations malignant tumors are usually incurable. In between these extremes occur most of the cases of this disease. The outcome in this large middle group depends on several factors including the age of the patient, the location of the tumor and, perhaps, most important, how soon the malignancy is discovered.

The individual's age usually makes a good deal of difference because cancer seems to progress more slowly in older people. Hence it is more usual, in older patients, to find growth still restricted to its original location at the time of treatment.

The area in which a malignancy develops is an important factor. For example cancers of the skin are usually

very slow-growing. It is only in the late, neglected stages that they tend to spread. Another example of the influence of location in the bowel or colon, where a tumor is frequently discovered sooner than in the stomach let us say, because the bowel is a much narrower tube and it becomes blocked more quickly than does the stomach.

Of course a patient has no control over the age at which he might develop cancer or where the growth is located. But he and he alone will determine when the disease is discovered and treated because nothing can be done until the patient consults his physician. We know that malignancy remains for a period of time in the area in which it starts, before spreading to other parts of the body. As long as the tumor is discovered and completely removed before it has spread, it is always curable.

Unfortunately there is no way to determine at what time spread will occur. Therefore the only protection available is to carry out treatment as soon as possible. The earlier the patient reports symptoms to the doctor, the earlier the diagnosis can be made and proper treatment advised.

In an effort to replace people's fear and despair of cancer with the knowledge that many cases of cancer are being permanently cured, everyday, the American Cancer Society has established a publicity campaign designed to encourage patients to consult their physicians at the first sign of trouble. This program concentrates on five danger signals which can be signs of a beginning malignancy. These danger signals do not have to mean cancer because any one of them can be due to other conditions. However prompt reporting to the doctor any one of these five symptoms is

Methodist Bishop from Chicago Relays Greetings to his 'Village'

Bishop and Mrs. Charles W. Brashares, now visiting African villages in the tall grass country four hundred miles from any railroad, report that every day one or two African chiefs send greetings to the Bishop's village of Chicago and to its head man.

"Paramount Chief Mayor Daley will be surprised to learn how many greetings are being sent to him," Bishop Brashares said. The Illinois Methodist bishop is traveling thru Africa as a representative of the Methodist Council of Bishops. They will return to Chicago from their two-months trip Feb. 24.

The bishop, writing from Tshuma, Belgian Congo, said: "We have a thatched roof overhead, mud walls around us, and about 50 men, women and boys looking in at all times."

"Everywhere they were a medicine. They suppose every white person can give it. Today a woman who came in the night and got medicine has come gaily back twice to say 'thanks' that she is well again."

"They say groups go through four phases. First they oppose the stranger 100 per cent. Second, they want to leave all the old ways and accept everything new. This group is in that phase. Third, they usually find there are also evil white men. Finally, they blend the old and the new."

Bishop Brashares reported that there seem to be crowds of people always on the paths and roads. "Almost every woman has a baby on her back and a pan or tub of something on her head. Balancing that doesn't seem to give them a particle of thought. They talk and laugh and stand around without taking their load off their minds."

"The church tried to stop buying of wives for \$60 or \$80 apiece. But the women felt ashamed they were worth nothing so they are sold again now. If a wife bears no child in two years, you can turn her back and they furnish you another."

The village holds a dawn prayer meeting and a 5:30 p.m. revival meeting which is attended by about 2,000 persons, Bishop Brashares noted. The house of one of the three wives of a resident burned to the ground. "Last night the preacher said, 'We work together - tomorrow after prayer meeting bring material - we'll build a new house.' Today by 3:00 p.m. the house was finished - all working together."

Bishop and Mrs. Brashares will be in the Belgian Congo until Sunday, Jan. 25, when they go to Salisbury, Southern

Robert Fredin, assisted by Mrs. Leroy Mager, Mrs. Lewis Ebert, Mrs. Clark Bennett and Mrs. John Fowler.

Miss Viola Lankenau at-

tended the meeting of the superintendents and principals of grade schools which was held this Wednesday at the city schools office in Joliet. Rhodesia. They will visit Methodist mission work in Southern Rhodesia for about two weeks before going on to Johannesburg, South Africa, and Nairobi, Kenya. They return home thru Rome.

WANT ADS GET RESULTS

Business and Finance

By MAURICE P. ANGLAND

More and more analysts are impressed with the fact that funds seeking investment in better grade common stocks are being amassed at a faster pace than expansion of additional shares of acceptable grade.

Pension and profit sharing funds formerly were substantial owners of bonds which they usually held for 20 or 30 years. Emphasis of their investment program is increasingly in common stocks, but their long range investment view has remained. Growth of the mutual funds in the last few years has been the sensation of the investment markets. Smaller investors grouped into mutual funds, profit sharing and pension funds, have become the largest single influence in the markets for better grade common stocks.

Under the guidance of professional investment managers, these funds are more than usually selective in investments and their influence on the securities markets, enables them to get more complete information than often is available to the average investor. Changes in the investment emphasis of these funds is closely followed by most investors and brokers.

The changed attitude of the investing public to the idea of common stock as an investment medium has been coming at a slow but steady pace for many years, but preservation of the purchasing power of the dollar has increased that pace.

Analysts are now pointing out that the oils and non-ferrous metals have been lagging behind the market in popularity and that comparative bargains can be had in these fields. Oil securities have suffered due to an industry-wide inventory position. This is not new to the oil industry. They always survive such periods nicely. Use of petroleum products in this country is expanding at the rate of about 5 per cent per year as against the European increase of about 10 per cent due to the speed up of their industrialization since World War II.

Rubber is another commodity that is attracting favorable attention from analysts. Use of rubber is also expanding in Europe at a much faster pace than in this country due to the industrialization speed. Goodyear and Firestone have important stakes in the foreign market.

Original equipment tire sales are expanding with increased auto sales, but manufacturers have been experiencing a considerable increase in replacement sales and these latter carry a greater profit margin than original equipment sales. The larger rubber firms are also

important chemical products manufacturers.

Electronic business machines, on the basis of the market prices for their securities, really started the fast upward climb in 1952-53. National Cash Register started this climb a year later. Sales of such business machines of this company now exceed cash register sales. This company's very extensive service organization covering the whole country and most of the western world, should be of considerable aid. The electronic business machine market potential is very large.

In general, the program centers around the use of diazinon as a seed or furrow treatment, plus sprays of DDT for early season control of the adult fly, a Parathion or diazinon spray for late season control of the adult fly. Anyone desiring a copy of this information should write or stop in at the office.

Some experimental work on control of diseases of onion sets will be carried out this spring. The plot established on the C. J. Rietveld farm near South Holland last fall presented some interesting facts. These results will need to be tested again under conditions found in the spring growing season. Several different chemicals will be applied for control of the major onion diseases.

Prof. Fred Warren, Purdue university, presented some interesting observations on future possibilities in tomato production. Among these are: dwarf tomatoes, mechanical harvesting of tomatoes wide row spacing, and direct seeding. One or two growers in this area have tried direct seeding. Their comments about the success of this effort were quite different. It seems that this method will need to be tried by growers on a similar scale to determine if it fits into their farming program.

The sweet corn varieties tested on William Gouwen's farm near Glenwood show the following varieties as having promise for mid season sweet corn production. They are: Victory Golden, Golden Security, KVF 54-65, and Northrup King 199. All of these had high quality and respect-

A new circular on vegetable diseases has been prepared by Dr. N. B. Linn. This publication includes the latest controls for the more common vegetable diseases as well as an explanation of the symptoms of the diseases and the cause. The book also contains instructions on proper technique in handling insecticides, particularly the more dangerous ones. It also contains information on seed treatments, both chemical and the hot water treatment sometimes used on vegetable seeds.

The more than 76,000 schools and institutions participating in the special milk program, used a total of 1,918 million half pints of milk during the last school year. The special milk program has seen steady growth since it was started in 1954. The program offers several benefits. Youngsters are encouraged to drink more milk and in some cases, they had not been drinking as much as was necessary for average growth. The program provides an additional outlet for milk produced on the nation's dairy farms. Nursery schools, summer camps, and other child care institutions also benefit from this program.

University of Illinois extension agronomists report that minimum tillage trials at the DeKalb, Urbana and Brownstown soil experiment fields show that preparing a good seedbed with minimum tillage in the rows will give almost as high yields as conventional tillage on both corn and soybeans.

A Grundy county, Illinois, farmer in 1958 planted 530 acres of corn in 21 inch rows and averaged about 175 bushels at harvest time, with a high check yield of 212 bushels an acre in one spot.

road.

Mrs. Emilie Campbell arrived Sunday from her home in Seattle, Wash., to visit several weeks with her sisters, Mrs. Clida Deadmore and Mrs. Margaret M. Semmler and their brother, Theo. Oestreich in Joliet. Tuesday afternoon and evening, Mrs. Campbell enjoyed one of our good mid-west snow storms.

The Bremen Beat

By Edwin Bruell
The chapel choir of Eureka College appeared in concert at Bremen Community high school Tuesday, Jan. 20, in the gymnasium.

This singing organization was heard at the St. Louis Opera House before an audience of several thousand persons. It has appeared on television and has made other major appearances in the state. It sings regularly at the Eureka College chapel services; and, in co-operation with the college choir of English Hand Bell Ringers, it provides music for all festivals on the Eureka College campus. Its coming to Bremen was intended to provide a cultural and educational concert.

Transport 1,551 pupils
A total of 1,551 students are transported by bus daily to Bremen high school.

As a service to the community, all students now receive free transportation except those who live within a one and a half mile radius of the school. They must pay a fee of \$10 a year. The annual pupil cost is approximately \$33.

The amazing amount of 555.4 miles a day is covered by the 20 buses which traverse the 33 routes of Dist. 228 in southwest Cook county.

The sprawling Bremen district is bounded in a somewhat jagged manner on the north by 143 Street, on the east by Western Avenue, on the south by 183rd Street, and on the west by Harlem Ave.

The longest route, 17,135 miles one way, involves the route that extends to the southwest corner, 183 Street and Harlem in Tinley Park.

The shortest route, on the other hand is the 3.4 mile one-way jaunt to Midlothian.

The buses cover an increased daily distance of 61.3 miles over their last year's quota because of the upsurge in enrollment. Then, they come closer to the student's home than they did previously.

They set out every morning with the first pick-ups about 7:30 a.m. and with all the buses scheduled to be at the high school by 8:40 a.m. They leave the building at 3:30 p.m. with the last buses scheduled.

A total of five "late buses" to be homebound by 4 p.m. are reserved for Tuesday, Wednesday, and Thursday every week, when they leave the building at 4:30 p.m. to

4-H Girls of Snip 'n Snack Learn to Knit

By Katherine Heisner
Frankfort 5187

The regular monthly meeting of the Green Garden Snip'n'Snack 4-H club was held Jan. 9. During the business meeting reports were given on the Christmas gifts which the club sent to an orphanage and of the Christmas tray favors sent to Silver Cross. Reports were also given on the last 4-H federation meeting and by the girls who worked at the T.B. center in Joliet.

After the meeting the girls, had their first lesson in the new handicraft phase, that of knitting. At this meeting they learned to "cast-on".

The meeting was closed by forming a friendship circle and the singing of Taps.

The Youth Fellowship of the Methodist Church met in the church Sunday evening for their church worship and Bible study.

The executive board of the W.S.C.S. held a meeting in the home of Mrs. Edwin Dralle Tuesday afternoon.

A rehearsal of both choirs of the Methodist Church will be held Jan. 22 and 29 at 7:30 P.M. preparatory to singing at the morning services Sunday Feb. 1.

The pastoral relations committee of the Methodist Church will meet at the home of Mrs. Edwin Dralle, Sunday Jan. 25th at 7:30 P.M.

Miss Esther Bettenhausen entertained her club in her home Wednesday afternoon.

However, in bad weather, safety on slick and snowy roads sometimes makes the buses late, with consequent delay to students. Students find it expedient to wear clothes warm enough to brave the weather.

About half the drivers are women, according to Young. To avoid overloading on any one bus, students are assigned to certain routes and required to show their passes as they board and leave the buses.

Helen Sluis Wins Award in Homemaking

Winner of the 1959 Betty Crocker Homemaker of Tomorrow award at Lincoln-Way Community High school is Helen Sluis, daughter of Mr. and Mrs. William Sluis, of Mokena.

Helen received the highest score in a 50-minute written examination on homemaking knowledge and attitudes taken by graduating senior girls. She will receive a homemaking pin manufactured by Josten's which represents the slogan, "Home is Where the Heart Is". Her examination paper will be entered in competition with those of other school winners in the state to name the state Betty Crocker Homemaker of Tomorrow. The test is designed and judged by Science Research Associates.

Each state Homemaker of Tomorrow will receive a \$1,500 scholarship for a General Mills, an educational trip April 4-10 with her school advisor to Washington, D. C., colonial Williamsburg, Va., New York City and Minneapolis, and she will be a candidate for the title of "All-American Homemaker of Tomorrow". The school of each state winner will receive a set of the Encyclopedia Britannica. General Mills will award a \$500 scholarship to each state runnerup.
